Bone, Biomaterials & Beyond

Foreword by
Per-Ingvar Brånemark

Editors

Antonio Barone - DDS, PhD, MSc Adjunct Professor, Department of Surgical, Medical, Molecular and of the Critical Area Pathology, University of Pisa, Italy. Tuscan Dental Institute, Versilia General Hospital, Lido di Camaiore, Italy. Faculty Member, Department of Oral & Maxillofacial Surgery, State University of New York, Buffalo, USA.

Ulf Nannmark - DDS, PhD, Associate Professor, Department of Oral and Maxillofacial Surgery, Institute of Odontology, Sahlgrenska Academy, University of Gothenburg, Sweden. Institute for Postgraduate Dental Education, Jönköping, Sweden.

Authors

Fortunato ALFONSI - Research Fellow, Tuscan Dental Institute, Versilia General Hospital, Lido di Camaiore, Italy. Private Practice, Sulmona, Italy

Carlo BARAUSSE - DDS, Resident, Department of Periodontology and Implantology, University of Bologna, Italy

Antonio BARONE - DDS, PhD, MSc Adjunct Professor, Department of Surgical, Medical, Molecular and of the Critical Area Pathology, University of Pisa, Italy. Tuscan Dental Institute, Versilia General Hospital, Lido di Camaiore, Italy

José Luis CALVO-GUIRADO - Full Professor in General and Implant Dentistry, Faculty of Medicine and Dentistry, University of Murcia, Spain

Ugo COVANI - MD, DDS, Full Professor, Department of Surgical, Medical, Molecular and of the Critical Area Pathology, University of Pisa, Italy. Chairman, Tuscan Dental Institute, Versilia General Hospital, Lido di Camaiore, Italy

Ferdinando D'AVENIA - Assistant Professor, Dental School, University of Parma, Italy

Pietro FELICE - MD, DDS, PhD, Researcher, Department of Periodontology and Implantology, University of Bologna, Italy

Stefan FICKL - Priv-Doz Dr Med Dent, Associate Professor, Department of Periodontology, Julius-Maximilians-University, Würzburg, Germany

Maria Gabriella GRUSOVIN - DDS, Private Practice, Italy. Specialist in Periodontology, Institute for Postgraduate Dental Education, Jönköping, Sweden

Arndt HAPPE - Dr Med Dent, DDS, PhD, Private Practice, Münster, Germany. Associate Professor, Department of Oral and Maxillofacial Plastic Surgery and Implantology, University of Cologne, Germany

Christian HELF - Dr Med Dent, Private Practice, Munich Bogenhausen, Germany

Giovanna IEZZI - Adjunct Professor, Dental School, University of Chieti-Pescara, Italy

Sanjiv KANAGARAJA - DDS, PhD, Consultant and Assistant Professor, Department of Oral and Maxillofacial Surgery, University of Gothenburg, Sweden

Simone MARCONCINI - DDS, PhD, Research Fellow, Department of Surgical, Medical, Molecular and of the Critical Area Pathology, University of Pisa, Italy. Tuscan Dental Institute, Versilia General Hospital, Lido di Camaiore, Italy

Paolo MARTEGANI - Dr Med Dent, Private Practice, Varese, Italy

Ulf NANNMARK - DDS, PhD, Associate Professor, Department of Oral and Maxillofacial Surgery, Institute of Odontology, Sahlgrenska Academy, University of Gothenburg, Sweden. Institute for Postgraduate Dental Education, Jönköping, Sweden

Bruno NEGRI - Assistant Professor, Dental School, University of Murcia, Spain

Patrick PALACCI - DDS, Private Practice, Brånemark Osseointegration Center, Marseille, France

Adriano PIATTELLI - Full Professor, Dental School, University of Chieti-Pescara, Italy

Roberto PISTILLI - MD, Resident, Oral and Maxillofacial Unit, San Filippo Neri Hospital, Rome, Italy

Massimiliano RICCI - DDS, PhD, Research Fellow, Department of Surgical, Medical, Molecular and of the Critical Area Pathology, University of Pisa, Italy. Tuscan Dental Institute, Versilia General Hospital, Lido di Camaiore, Italy

Roberto ROSSI - DDS, MScD, Private Practice, Genova, Italy. Clinical Associate Professor, Department of Periodontology, University of Roma "Sapienza", Italy

Lars SENNERBY - Professor, Department of Oral and Maxillofacial Surgery, Institute of Odontology, Sahlgrenska Academy, University of Gothenburg, Sweden

Maurizio SILVESTRI - Dr Med Dent, Private Practice, Pavia, Italy

Christer SLOTTE - Senior Consultant, Department of Periodontology, Institute for Postgraduate Dental Education, Jönköping, Sweden

Tobias THALMAIR - Dr Med Dent, Private Practice, Freising, Germany

Hannes WACHTEL - Prof Dr Med Dent, Private Practice, Munich, Germany. Clinical Associate Professor, Department of Restorative Dentistry, Charité-Medical University, Berlin, Germany

Contents

CHAPTER 1

An Introduction to Guided Bone Regeneration

Ugo Covani, Massimiliano Ricci, Simone Marconcini

CHAPTER 2

Bone Tissue Reactions to Bone Substitutes

Lars Sennerby, Ulf Nannmark

CHAPTER 3

Periodontal Regeneration

Roberto Rossi, Maria Gabriella Grusovin, Tobias Thalmair, Hannes Wachtel

CHAPTER 4

Fresh Extraction Socket Management

Antonio Barone, Adriano Piattelli, José Luis Calvo-Guirado, Fortunato Alfonsi, Bruno Negri, Giovanna Iezzi

CHAPTER 5

Maxillary Sinus Augmentation

Paolo Martegani, Ferdinando D'Avenia, Maurizio Silvestri, Sanjiv Kanagaraja

CHAPTER 6

The Bone Lamina Technique: A Novel Approach To Bone Augmentation

Hannes Wachtel, Christian Helf, Tobias Thalmair

CHAPTER 7

Reconstruction of Horizontal Ridge Defects

Arndt Happe, Christer Slotte

CHAPTER 8

The Inlay Technique in the Treatment of Posterior Mandibular Atrophy

Pietro Felice, Roberto Pistilli, Carlo Barausse

CHAPTER 9

Soft Tissue Augmentation

Stefan Fickl

CHAPTER 10

Surgical Treatment of Peri-Implant Bone Lesions

Christer Slotte

CHAPTER 11

Treatment of Extreme Cases

Patrick Palacci

Conclusions

Antonio Barone, Ulf Nannmark

Bone, Biomaterials & Beyond

The introduction of osseointegrated dental implants soon 50 years ago has indeed revolutionized dentistry. The scientific evaluation of their use has shown good and increasingly successful treatment outcomes. A prerequisite though is the availability of sufficient bone volumes to ensure integration and acceptable aesthetic results.

In this book various surgical techniques, using different augmentation materials, are described and explained. The aim has been to highlight minimally invasive surgical techniques, which leads to less risk of morbidity and reduces treatment time.

Readers will enjoy a comprehensive atlas providing some practical advice for every day surgical practice based on solid scientific evidence.
